Kaito Shibano

This is my first manga adaptation, and my first whole volume, so I had to learn many things. Since it's my first manga, I still have a lot to learn, but I'll have fun if I get to enjoy the Ben-to world with Mr. Asaura's writing

Asaura

Born in 1984 in Hokkaido
This time, thanks to our wonderful readers and Mr. Shibano's powers, Ben-to was adapted to manga.
. I'm grateful...I'm so grateful .!

I know. About the Half-Price Labeling Time, right?
Umm, what I wanted to ask was...

Half-Price Labeling Time is when the side dishes and bento are marked down to half price
In addition, those who want them hold a battle for them every time

while following the rule that has been
followed all over Japan since a long time ago

I think I get it

I'll interrupt your manga to use the blank space for chit-chat. I'm the author of the original novels. It seems that I can write about anything, so I'll write about the character's backstories

Yuu Kaneshiro

I had the famous actor Takeshi Kaneshiro in mind when I was naming him. He was originally set to be half-Japanese and half-Taiwanese, but after many revisions, this backstory went missing, so only his name remained in the end. Regarding his looks, I wrote many things in my original draft...like his tall and lean figure and low voice, but to make it easier to imagine, I sent pictures of dogs to Mr. Shibano...I still remember harrassing him about it. I looked for dog photos on the net, and found really cool, good-looking dogs with piercing eyes. When I found them, I immediately went "this is it!" .. After that, Mr. Shibano really made him as good looking as you can see. This manga takes place a year before the novels, so his design has been made younger, but anyone who wants to see the dog in him can go look at the color spread.

Kazura Murasakike

Most of the heroines of Ben-to are named after flowers, so the symbolic meaning of the flowers are strongly linked to the character's theme. For example, Kazura Murasakike (紫華蔓), or Murasakikeman (紫華鬘) is "great help" in the language of flowers. That's what she really is to Sen. Also, she felt a jack-of-all-trades character...but when I wasn't looking, she turned into an peppy girl who likes SoyJoy in the manga. I like SoyJoy too.

because it seems that other wolves coming one by one
I see. That's what I wanted to hear
Then, let me explain the rules
There are rules on getting bento?
Yeah
Well, they're just unspoken agreements among the wolves
Basically,

1. Each person can only get one bento

2. Those who have acquired bento cannot be attacked

3. The products must not be damaged. Don't get too caught up and flip over a bento or something like that

Other than that, it's just an no-holds-barred, free-for-all race

As long as you get a bento, you win. Simple, right?

Umm... Then I can avoid fighting and just go for the bento?

Of course. Many wolves come up with tactics that fit their abilities

However, don't think that you won't get attacked because you're not attacking

Fortunately, there are fewer wolves than usual here tonight
If you have faith in your legs, then give it a try
My legs, huh...
Whenever I took part in a race in elementary school,
I remember that I always came in
last place
Then, let's talk about the bento you're going after...
Hey, are you listening? Anyway, look over there

Today's recommendations are the red "Grilled Beef Bento" and the "Green Fried Veggies Bento." Which one will you go for?
If I'm going to fight for them, I might as well go for the red "Grilled Beef Bento"
Look at the bento corner. Those are our prey for tonight
There's the Karasuda Wrestling Club
Well, I guess. But look over there
...Hm, but I want to eat the grilled beef
They're probably going after high-calorie bento. It's easier to go after the fried vegetables

Suit yourself. You can start by aiming for whatever you want to eat
Let me add that by going for seasonal foods and exotic specialties... foods that light your heart on fire, you can tap into more of your potential
SEASONAL FOODS?

Now, I'll continue talking about the other characters

Mikoto Uzu

I think she's the character who looks the best in the Karasuda High winter uniform, but what does everyone think? Personally, I like her very much, and I want her to show up more in the light novels as well. She's a relatively easy character to grasp, but I remember having problems with overusing ellipses in her lines, since she's supposed to talk in a small voice. Ah, speaking of problems, I really wanted to use the alternate pronunciation "Torikabuto" as her name, but I thought that that was really weird, so long story short, I ended up going back to "Uzu," which is where "Torikabuto" came from.

Sen Yarizui

Sen Yarizui's motif is the daffodil (the last kanji of her family name and her given name is 水仙, the name of the Narcissus genus). To be honest, her design had a big problem: her hair was supposed to be black. However, Mr. Shibano drew her hair in that color for some reason. Her hair didn't have to be black, so to save time, I fixed the draft by cutting out parts that described her black hair. I asked Mr. Shibano about her hair afterward, and he said, "What? You wanted her hair to be black? Her nom de guerre is 'The Ice Witch,' so I thought that her hair would basically be white." In the end, I concluded that if Yarizui's hair was black, it would have gotten too much focus and made her harder to distinguish from the others, so it was a nice improvisation on Mr. Shibano's part.

After so many times, it's like this is your role
Again?
Keeping one of these around in case I get hungry is my "M.O."
HMM
Even if you tell that me that,
No, if I can predict...and evade Uzu's attacks to get the bento... It'll be hard. If I get hit by a single strike, then...
M.O.... Does Uzu have one as well? Will she use another karate chop...

※ In order to conserve electricity, this series has swapped the light bulb for an LED

Sorry, Kazura!
I'm going home early
Huh!?
What is it, Sen?
Just what happened when she hit me...
...If I knew...
Sorry for making you worry! I'm all better thanks to you!
I think I've seen that at the super-market...
Hm?
That strange paraly-sis. .
If I can do some-thing about it..
I was going to ask her out to karaoke
Y-You're wel-come...

W-Wait a minute, baldy...
What!?
I'm not a baldy!!
It's my haircut!!
...Hey
You're that...

Shut up!!
YOU SEEM MORE...
I'm shocked too. I didn't think that you were in the same year..
I didn't think that we went to the same school
Don't tell me that you're still going to try to be a Wolf
...So? What are you going to do with information on Uzu? I heard about what happened yesterday...
Hm, is there some other meaning? Anyway, tell me about her "paralysis"
I don't think that that's what she meant...
...I want to win
Yeah. As I said, if I win against Uzu, I can be a Wolf

...But, you know, you can't fight Uzu normally and expect to win
Her attack is a "venom" that slays all, including Wolves
No Wolf has beat it yet
Yeah, I've experienced it first-hand, which is why I need to come up with a counter-measure
Please, tell me anything you know

I don't want to tell other Wolves, but...
...Damn, I guess I don't have a choice
スッ
For something in exchange, duh? Did you think that I'll tell you for free!?
What's that hand for?
?
.....
Dam, I don't have anything to...
ハッ

You felt numb when you were hit, right? That's it
Is a strong karate chop that causes temporary paralysis
Is there any way to defend against it?
There are several variations of her "poison," but the one I know is
...Okay
It's hard to defend perfectly against it. Of course, it would help if you don't expose your skin
...I'm a prime target for it
Paralysis from a simple shock, huh... then I might be able to do something...!
I see. If it's not an actual poison, then how about...

Tokiwa Super-market

I don't know why you think so highly of her...
but in this place the strong survive and the weak die... so...right?
But isn't it too early to make a judgment? She hasn't gotten used to...
A chick can't live if it can't peck its way out of its egg... right? After all...
ガ
Huh?
...Am I late?

Uzu
I will fight you... tonight

...I thought you gave up
It wouldn't be fun if I left without fighting back
Enough guts huh
I see... Yuu, can you hold back today...?
... Understood

I'm fine with just Donbei, but how about the other Wolves...
There's so few wolves here today... Are they afraid of Uzu?
Yo,
"Wizard"
What, you guys are here?
That's our line
Looks like the other Wolves went to the new super-market
I see... We have something to do here ...Are you guys going to go there?
Of course not

The bento that my stomach howls for is the best one out there
A new supermarket isn't guaranteed to have a bento that will satisfy me
That's right
But there's only one bento left, and it's a miso-marinated mackerel bento
I'm not participating this time, but aren't your chances against Uzu low?
This guy with the shaven head is right!
We don't know if we don't try
...Hm

The God of Discounts of Tokiwa Supermarket "Old Master"
Looks like we have a good crop of eager young'uns this year as well...

There's only one left...
Oh my

HMM..

There's only one bento left...
My stomach is howling at full power today!
I'll get it... no matter what!
ギュッ
It'll be a tough fight for the rookie
へへ
半額
Imitating Yuu won't help her...
What are those gloves for...?
She's full of... enthusiasm ...huh

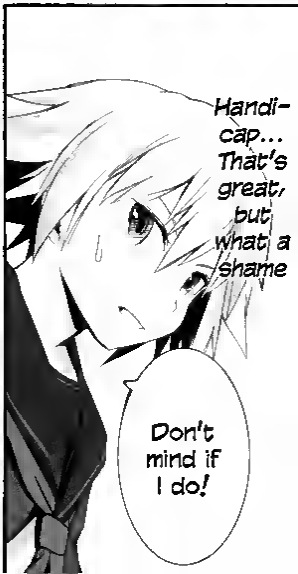
That's right. Everyone has a chance here
I won't know until I try
Like I've said... You won't become a Wolf... I'll show you why
Good luck, Wolves
Now... Let's begin

Sen... was it? Don't worry, I won't do anything until we get there

The difference in power between us is obvious. I can't make a move against her
I have to sprint all the way to the bento!

So... you know? ...Are you happy?
...I can win against a rookie ...even with a handicap

Hehe...



Handicap... That's great, but what a shame
Don't mind if I do!

We can't lose!
Yea!!
Ah...!
Wh-What is it!?
I ATE A SOYJOY DURING LUNCH, SO MY STOMACH ISN'T HOWLING...
ガクッ
Wha-!? What did you do!?
Those things make you unexpectedly full for a long time, and have low GI...

※ The author of this work likes SoyJoy, which is a low GI food that works well in diets, keeps him full for a long time, and is quite delicious.

What are... those guys doing...
But that only leaves... that girl. Is it time... to get her?
Guh!!
!!

Before I defeat you I have one question... Do you want to become a Wolf...
for Yuu...? Or...for curiosity's sake?
.....
Neither
I want to become a Wolf
because I want to eat half-price bento! That's all there is to it!!

I'll check... if you were lying or not!
...I see

Now!!
She's coming

I'll show you that something like that will never work!

You're so naive... Sen. Those gloves are pointless!!
Trying to defend against my "venom" with those gloves...

What a fool...

There's something in her sleeve...!?
Wha!?
What an eye-sore...!
Wolfs-bane!! You're wide open!!
Now!!
KUH

Guha!
in my way!!
Don't get!
She really... went for my head...
So-... So strong ...
Kuh... I have to catch up to her...!

The half-price bento
is just a bit farther!!
半額

I got it!!
鶏の味噌弁当
¥490

I would never have thought... that you would against Uzu
I went to easy on you...
Even though I was obstructed, it's true that she got it
but I get that you're serious... so I'll accept you... for now.
Sen Yarizui

Then let's eat. The Old Master's miso-marinated mackerel isn't your usual bento
Sample the taste of victory over Uzu
O-Oh yea
Let's dig in
The first bento I won by myself...
It tastes...

really delicious...!!
じわ...

True half-price bento has the taste of victory, which makes it different from leftover bento
It's great, right? That's the taste of a bento you won

when you defended against my "venom"... you had something up your sleeve, right? ...What was it?
Speaking of which, Sen...
The taste of victory... I didn't know that it would make this much of a difference
These
Yeah
Sen
I... lost to wooden chop-sticks...?
because I had these on me at the time
I did research on you, and thought of these
These are... wooden chop-sticks!?

How about it, Sen? Do you want to give it a shot?
Actually, we're in a club called the Half-Pricers' Club, which consists of those who seek half-price bento
That's how it is. What are you going to do?
Even though it was a fluke... she won... If she wants to join...
Uzu... It's okay, right?
...I've found...

Yes!
what I want to do!!
I'll look forward to working with experienced Wolves such as you two!!

One year later —
Are you ready, Oshiro!? ...I'm knocking

Y-Yes— Satou, you're so brave
We've came all the way here, so we have to go in
